Features and Benefits

TikTok features a number of privacy and safety settings to restrict who can contact and comment on your child's posts and profile. It also features a Digital Wellbeing feature to restrict inappropriate content and help them manage how long they spend on the app.

What specific content can I restrict?

What do I need?

A TikTok account

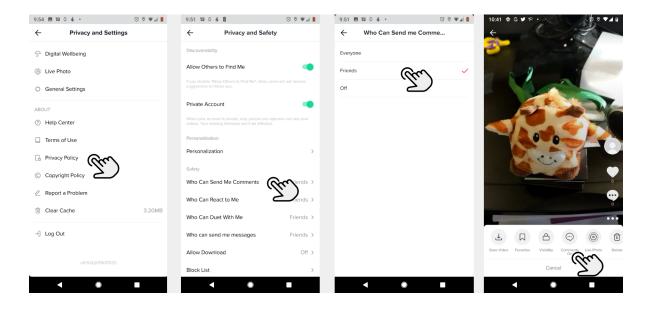

How to make TikTok account to private Please note that even with a private account your child's profile photo, username, and bio will be visible to all TikTok users. It is best to ensure no sensitive or personal information is included here. Step 1- Go to your profile page Step 2- Tap three dots on the top right corner and select "Privacy and Settings" Step 3 - Select "Privacy and Safety" option and toggle "Private Account" on/off
