Exam changes:

In light of the impact coronavirus has had on students, OCR have removed the need for an externally set task (exam unit) which would normally make up 40% of the overall grade. As a result, we will be spending the remaining course time on the coursework unit which will be assessed by teachers and moderated by OCR. This project will make up 100% of the grade. Whilst this reduces time pressure, it does mean that the coursework must reflect their best work.
