Class Charts

Information and guidance for parents and carers

September 2022

What is Class Charts?

- Class Charts is a school management software system for teachers, students and parents
- It is currently used in over 1000 secondary schools nationally and has been highly recommended by many outstanding schools
- It allows staff, students and parents/carers to keep in touch, communicate better, track student behaviour, manage homework and acknowledge rewards

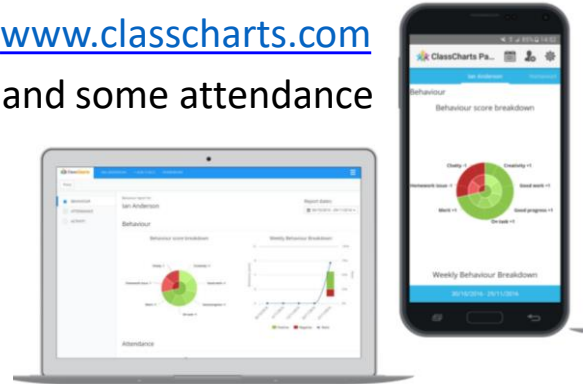

Why introduce Class Charts?

- **Class Charts improves efficiency and consistency** - Planners are under/poorly used by many teachers/students/parents in terms quality of recording homework
- **Class Charts improves home/school communication** - parents will know what students are rewarded for, can be notified of any detentions and will have detailed descriptions of homework
- **Class Charts supports learning** - Smart seating plan functionality for teachers
- **Class Charts saves money/the environment** - savings in terms of cost and the environment (no planners/planner sheets)
- **Class Charts works** - Feedback indicates high levels of student, staff and parental satisfaction

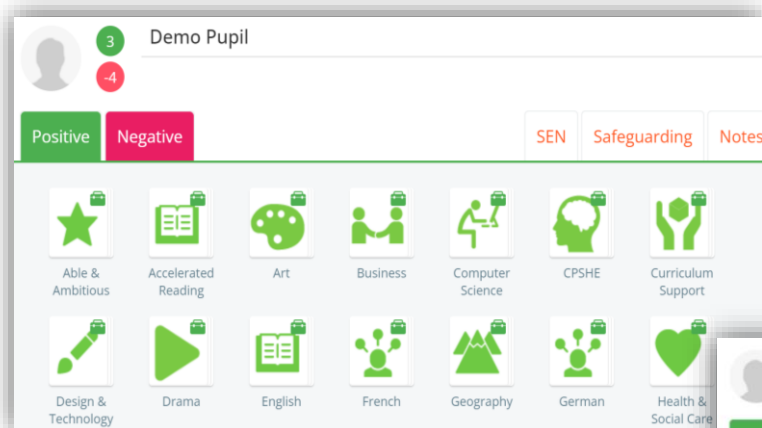

How do you use Class Charts?

- There are two main ways that both parents and students can use Class Charts
 - Easiest and most convenient way is an App on either Android or Apple phones
 - The second method is to login through www.classcharts.com
- All reward & behaviour points, homework and some attendance

How will Class Charts present Rewards & Consequences?

Class Charts detentions

Detentions will be on the Class Charts. They will show in 3 ways:

- Today's detentions, Future detentions & Previous detentions

It's really easy to check where detentions are and what date they are on!

When does Class Charts go live?

- Class Charts will go live after autumn half-term: **w/b Monday 31st October**

**CLASS CHARTS NOT AVAILABLE UNTIL
AFTER AUTUMN HALF-TERM**
